Colorful Natural Setting

Botanically generous gardens surround a unique home built of red brick in the 1930s. The landscape was designed to blend into the natural hillside and provide year-around color. The beautiful intricate fencing was created by Lafayette Iron Works and the pillars and paths by Charles Toney of "World-Class Masonry."

Hilly with steps. Street Parking, right side only

Designed by Bill Williams Spirit Space.

Diablo

Diablo Woodland

This 1924 estate was awarded a "classic" destination and visited by President Hoover, a friend of the original owners. A two-year renovation was undertaken in 1999 by the current family who have enjoyed this home since 1987. The elegant landscape of 1.5 acres is designed for country living and includes a pool, treehouse and rose arbor.
